# THE ITALIAN ART OF MAKING

The *Calendario Moda Sposa*, born in 2018 from an idea by the wedding photo studio Click E Chic, has become an established name in the international bridal world, bringing together art and fashion in a visual narrative that evolves each year. This 2027 edition, THE ART OF ITALIAN MAKING, celebrates the craftsmanship, sartorial excellence and creative heritage that make Italian bridal couture unique.
In an age dominated by digital technology and artificial intelligence, Andrea Ciriminna returns to the essence of photography, capturing every gown with a 20×25 large-format view camera. Each image becomes an act of craftsmanship in itself, embracing the poetry of imperfection: subtle irregularities, unexpected textures and the unmistakable traces of human intervention. Far from the pursuit of digital perfection, these photographs celebrate the beauty of the unrepeatable, where every choice, even an intentional imperfection, becomes part of an image that cannot be replicated.

*A photographer with a refined sensibility and extensive experience in fashion, beauty and editorial photography, Andrea Ciriminna has always sought to reveal the character of his subjects through a distinctive visual language. The artistic direction of this edition is shared with renowned make-up artist Silvia Dell'Orto, while hair styling is entrusted to Rita Dell'Orco, both bringing decades of experience in the fashion industry. Barbara Badetti, co-owner of Click E Chic, oversees executive production, bringing her artistic sensibility and vision to the project. This year, the Calendario Moda Sposa is delighted to collaborate with WIM – Where Ideas Meet, whose international event provides a prestigious setting for celebrating bridal couture and Italian craftsmanship. Together, they continue to explore the meeting point between fashion, photography and art, transforming each edition into a timeless celebration of beauty and the art of making.*
